The Gap between User needs and Climate Science in Africa...

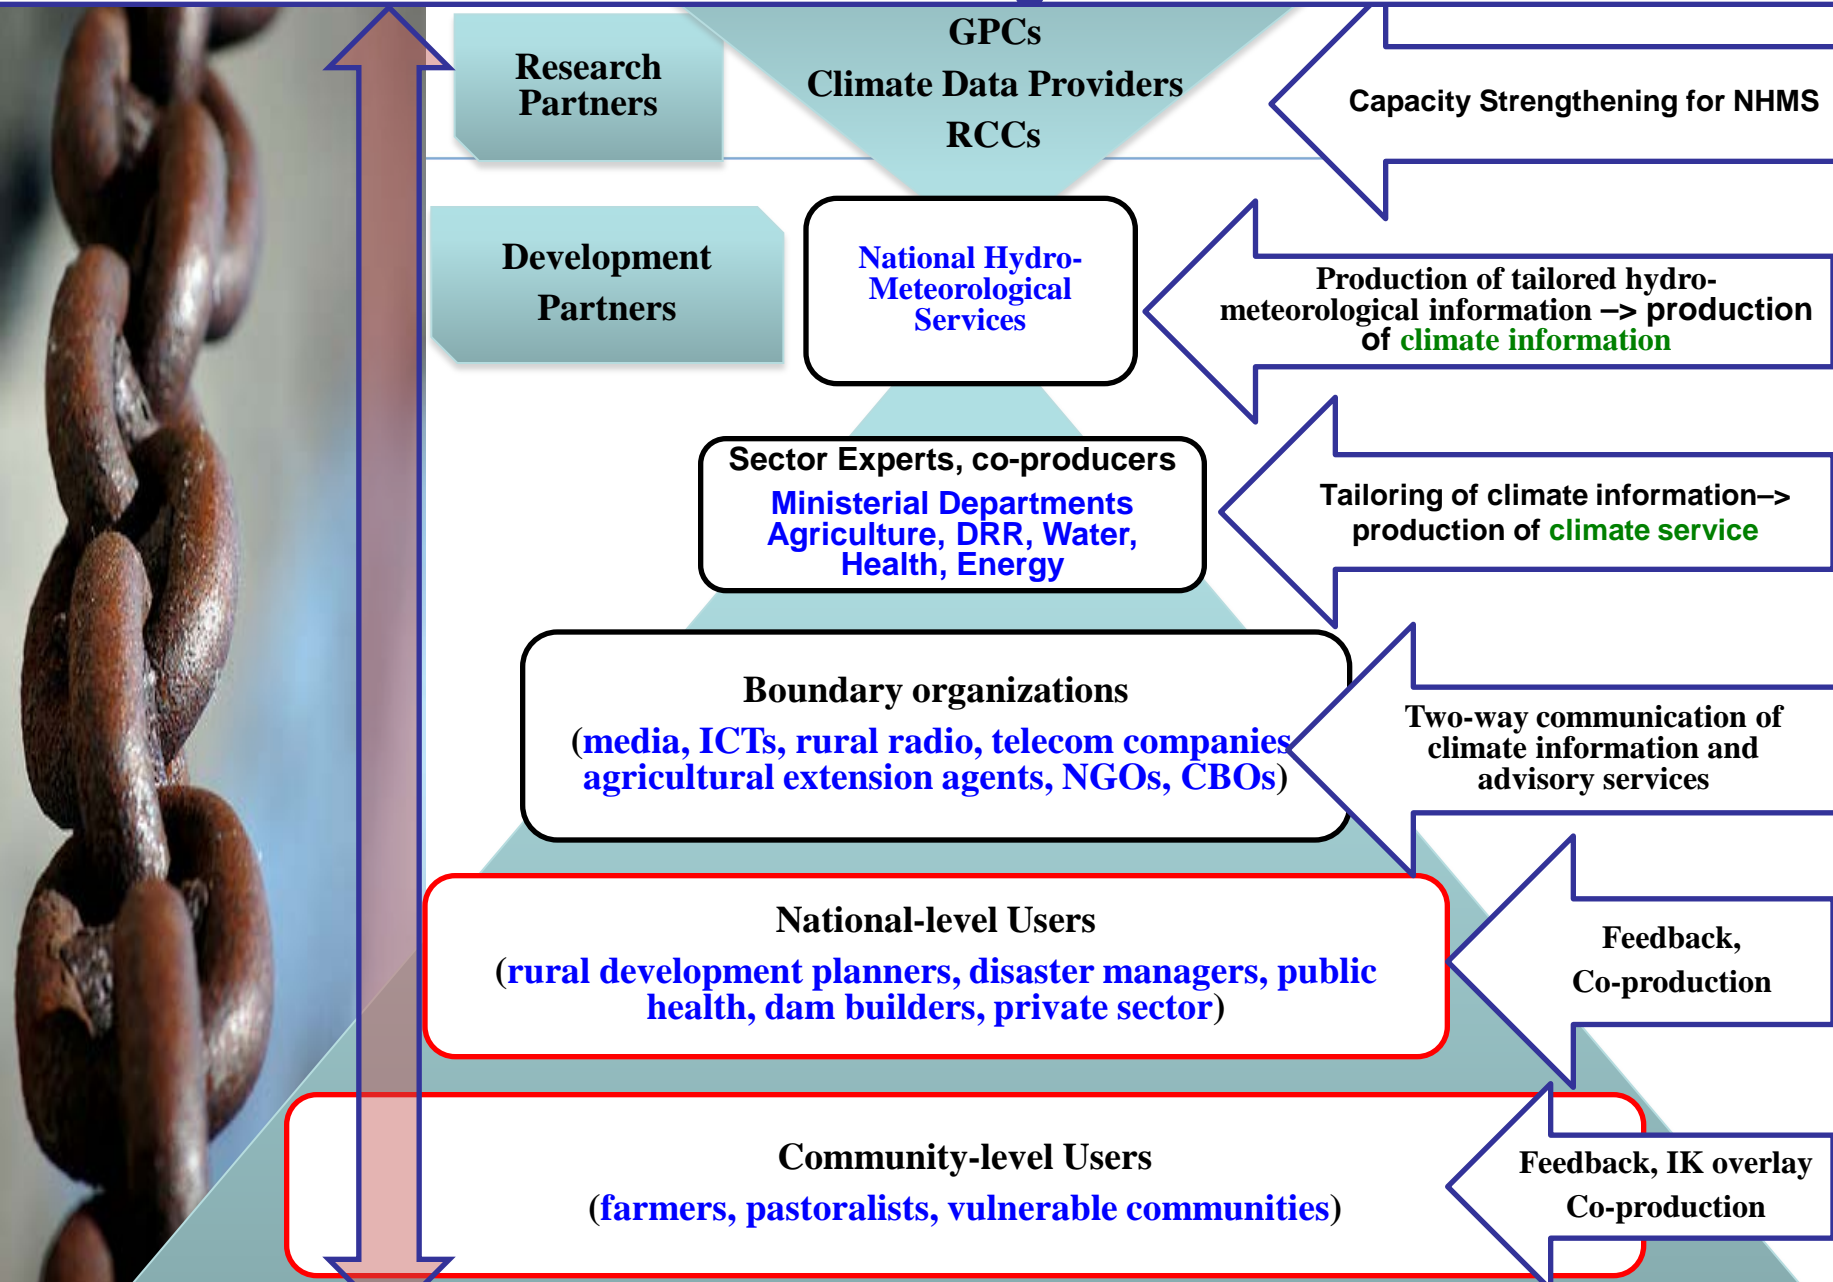

GFCS: A vehicle for coordination

Vision 2020: Operational National Chains of Climate Services

Link Climate Knowledge to Action

The GFCS 5 Step Process for Supporting Countries to Establish National Frameworks for Climate Services

Step 1: National Baseline Capacity Assessment for Development of Climate Services

Step 2: National Consultation on Climate Services, Development of NHMS Strategic Plan

Step 3: Participatory Inter-sectoral Development of National Action Plan for the Establishment of a National Framework for Climate Services

Step 4: National Action Plan Endorsement workshop (High level)

Step 5: Launch of National Framework for Climate Services, Operational implementation of priority activities, rigorous M&E

- STEP 1:
National Baseline Capacity Assessment for the Development of Climate Services
- STEP 2:
National Consultation on Climate Services, Development of NHMS Strategic Plan
- STEP 3:
Participatory Inter-sectoral Development of National Action Plan for the Establishment of a National Framework for Climate Services
- STEP 4:
National Action Plan Endorsement Workshop (High level)
- STEP 5:
Launch of National Framework for Climate Services, Operational implementation of priority activities, rigorous M&E

Map 1: state of GFCS Implementation in Africa as of December 2016.

Climate Services 101
